

Certificate of Authority to take Upper Air Observations

*This is to certify that **Shiekahadd Ali**
is qualified and authorized to take upper air
observations subject to the conditions stated in
the NWS CHUAS Rawinsonde Handbook.*

Hiram Escabi, Jr.
NWS Upper Air Program Manager

IMPORTANT:

1. A certificate shall remain valid provided:
 - a. The observer maintains proficiency.
 - b. The observer takes, encodes, and records on the official station log the type of observation for which the certificate is valid and with the frequency stated in NWS EHB 9-756 dated June 13, 2012.
 - c. The observer possesses the visual acuity required by NWS EHB 9-756 dated June 13, 2012.
 - d. The field supervisor requests revalidation or recertification within 45 days of change of station.
2. Failure to comply with the above automatically causes the certificate to lapse.

DATE	LOCATION	TYPE OF OBSERVATION	INITIALS
6/19/14	Piarco, Trinidad CHUAS	Upper Air/B2/RS-92DD
